College Park Scholars - Earth Life and Time and Science Discovery and the Universe announce a Spring Break excursion to the natural history and Astronomy of Arizona. In ten days, experience the diverse geology, zoology, botany, astronomy, and archaeology of this spectacular state. Other destinations include the Sunset Crater Volcano, Meteor Crater, the ruins of Wupakti and Walnut Canyon, the saguaro forests of the Sonoran Desert, the unique Chiricahua biome, and the Grand Canyon.

Credit and eligibility: Carries one credit for Geology 288A free of additional tuition. Limited to full time UMCP undergraduate students.

Cost: Program cost is $625.00, not including airfare. This covers vehicles, hotels, breakfasts and lunches. Students will need an additional $100-$150 to cover the cost of remaining meals and personal expenses. A group airfare rate is being investigated currently. We expect it to be roughly $500. Group airfare will be arranged by the program. Airfare is not covered in the $625 program cost.

Deadlines:
• A $100 deposit (in the form of a check payable to the University of Maryland) is due Friday, December 19, 2008. Deposits are non-refundable unless the program is cancelled or the program fills before submission of application. (See application form on reverse of this flyer.)
• Full payment of air fare will be due in late January, 2009. Watch the main website for announcements.
• Final program fee payment of $525.00 is due January 30, 2009.

The University reserves the right to cancel this program in response to insufficient enrollment or other extenuating circumstances.

Priority: Will be given to students in the Earth, Life, and Time and Science, Discovery and the Universe programs of College Park Scholars, and to Astronomy and Geology majors. Others should contact us for details. Questions? Contact Thomas Holtz (tholtz@geol.umd.edu, 1216 Centreville Hall, 301-405-4184), John Merck (jmerck@wam.umd.edu, 1218 Centreville Hall, 301-405-2808), Alan Peel (apeel@umd.edu, 1223 Computer and Space Sciences, 301 405 6647) or Stephen White (white@astro.umd.edu, 0245 Computer and Space Sciences, 301 405 1547). Or visit http://www.geol.umd.edu/~jmerck/arizona09/
