

2011 AAPG Eastern Section Meeting Washington D.C.

**Hyatt Regency-Crystal City, Arlington VA
September 25 – 27, 2011**

The Eastern Section invites you to its first Washington DC meeting, a rare opportunity to sample the latest technology and make your voice heard in the halls of Congress.

Take the pulse of the nation's policy makers at the Energy Policy Forum or arrange to visit with your Congressional staff– the meeting is just a short Metro or taxi ride from Capitol Hill.

Join the technical sessions, field trips and short courses that cover such diverse topics as the thermal history of eastern basins, eastern gas shales, conjugate margins and energy policy issues in the eastern USA.

Sightseeing opportunities abound in the DC area, as well, including the Smithsonian Museums, national monuments, many parks and fabulous restaurants. Other meeting options include evening entertainment, Student Job Quest and the Spouse/Guest Program.

Join us, explore and immerse yourself in 250 years of our nation's history.
