

Intent to Propose

Please use this form to indicate your intent to submit:

- A funded proposal/sponsored activity (in response to a funder's posted solicitation or a direct request from a funder to provide a proposal)
- A non-funded agreement (MOU, MTA, Data Use Agreement, other types of Agreements)

InTERP Annual Disclosure Reminder: To comply with university policy related to conflicts of interest, conflicts of commitment and consulting please ensure your annual InTerp disclosure has been completed, including those for all UMD Co-I's, Post-docs and GRAs who are specifically named in the proposal and/or working on a sponsored project. (We recommend that all GRAs complete the COI regardless of being names in the proposal.) COI information, including login, can be found [HERE](#).

NSF Security Training Reminder: Research Security training is required for principal investigators (PIs) and other named key personnel prior to submitting new proposals for most federal funding agencies. Effective by October 10, 2025 NSF will require Research Security training as part of the proposal submission certifications. Enroll in the training [HERE](#).

PI Name:		
Project type:	Full Proposal Pre-Proposal Non-Funded MOU	Subaward Material Transfer Agreement Other:
